

Grüne Soße Festival

Evening Show 24. April - 1. May 2027

Roßmarkt, Frankfurt am Main

Terms & Conditions for Participating Restaurants/Catering Businesses

On each festival evening, seven restaurants go head-to-head with their unique Grüne Soße creations.

The evening shows begin at **8:00 PM**, blending world-class live entertainment with a culinary showdown. During the first half of the evening, guests enjoy a vibrant cultural program and the official introduction of the seven competing restaurants. The second half features the signature blind tasting: guests sample all seven sauces served with traditional potatoes and eggs, before casting their votes to select the night's winner.

Each daily winner advances to the Grand Finale on **Saturday, May 1, 2027**, to compete for the ultimate title: **"Best Grüne Soße 2027."**

Approximately 650 guests are expected per evening.

Who can participate?

We welcome gastronomy businesses across all categories—from traditional cider pubs and trendy hot spots to hotels, caterers, fine-dining restaurants, and corporate canteens.

How It Works

Each participating restaurant provides **50 liters of freshly prepared Grüne Soße** for the blind tasting. Delivery must be made **between 9:00 AM and 6:00 PM** at the latest.

Starting at 6:00 PM, our team fills the sauce into numbered tasting jars under official notary supervision.

You are our guests for the evening! Relax and enjoy the show. Only during the tasting phase are all participating chefs "locked away" in a private section of the tent. There, you'll be served the sauces, potatoes, and eggs, ensuring complete impartiality while the audience votes.

Participation

Participation is **free of charge**. No entry fee will be charged.
